# The Cameron Herald

TEXAS PRESS ASSOCIATION 1962 PRIZE WINNER

VOL. 103, NO. 16 | All Departments: OX 7-4671 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JULY 12, 1962 | 10 PAGES TODAY

WESTERN QUEEN -- Miss Mona Mauldin became Miss Western Week Saturday night before a large crowd attending the gaited horse show, sponsored by Cameron Saddle Club. Mrs. Wanda Kirk Elliott, 1961 Western Week Queen, presented Miss Mauldin the 1962 Queen's trophy and bouquet. All nine queen contestants were interviewed at a downtown judging of candidates Saturday morning. Other candidates were: Sandra Fuller, Pam Green, Gerry Zotz, Virginia Cummings, Lanette Laffere, Mary Alice Duncum, Suzanne Lippman and Billie Burke. Contest chairman was Buddy Shipp.

TWISTERS -- There was a lot of action in Cameron Friday morning, mainly among the 6 to 12 year - olds who, despite boots, guns and 92 - degree temperatures, did a terrific twist contest. One young cowboy, at left, twisted his cowboy gun from his holster (see circle). Judging was tough, but winners in this bracket, one of three, were: Debbie Lewis and Steve Terry, tie for first; Kathy Harris second, and Kenneth Cummings, third.

# Milam Pastor Named Texas' Rural Minister

## Dual Honors Due S G's Rev. Parmer

Rev. William R. Parmer, pastor of the San Gabriel Baptist Church, San Gabriel, has been named Texas Rural Minister of the Year.

Rev. Parmer is among 14 ministers from the South honored by the Progressive Farmer and Emory University School of Theology, Atlanta, Ga. This is the 14th year that outstanding ministers have been named. Certificates of recognition will be presented to the ministers at a banquet at Emory on July 11.

He will also be honored at the Texas Rural Church Conference in October. Rev. W. H. Wieting, pastor of the Grapeland Methodist Circuit, Grapeland, will be recognized for second place honors at that time.

Through his leadership in soil stewardship and other community-wide programs San Gabriel has won recognition in the Texas Baptist Church Achievement Program seven years in a row.

Rev. Parmer has a congregation of 218 members. The programs at the church consist of crop demonstration programs to determine varieties of plants and fertilizers each portion of land, farm information nights whereby county agricultural leaders present farming information, a flood warning system to alert people downstream of sudden often dangerous rises on the San Gabriel River, a civil defense program, Red Cross blood bank program, surveying the community for literacy needs and sponsoring TB tests.

Rev. Wieting, second place winner, a farmer, carpenter, and pastor, is also cited for outstanding spiritual and practical help to farm people.

WEST WEEK GUESTS -- Mrs. William L. Raschke, left, and her daughter, Sylvia Ann Raschke, of Three Rivers, were surprise Western Week guests last week. Their car was "held up" at the highway, and they were invited to dine at the Texan as guests of Cameron. Another family was hosted in similar fashion the day before. At right is Gene Smitherman, who figured in several WW shootouts and was named most authentically dressed cowboy.

## Narcotics Experts Seek Tablets Taken From New Cameron

Officials of the Federal Narcotic Bureau, and the Texas Rangers are continuing a search for about 300 morphine - type tablets missing from New Cameron Drug since June 19.

Owner Earl Curtis notified Police Chief Elvin Hoskins that the tablets apparently had been taken while the store was open.

Missing are about three bottles of Dilaudid, which when taken, have a dope effect like morphine. Curtis was reviewing his store of narcotic drugs, given only by prescription, when the tablets were found missing.

## Milam Banks Show Increase In June

The state and national bank call for June 30 showed an increase in all Central Texas banks as well as all five Milam County banks.

Citizens National reported $10,070,472.01 compared with $9,157,057.50 in June of 1961. First National Bank in Cameron showed $4,625,347.78 compared to last yea $4,289,414.20.

Other Milam Banks showing an increase were Rockdale State Bank Rockdale, $6,038,008.57 compared with $5,539,035.49 for the 1961 figure; Thorndale State Bank, Thorndale, $1,607,358.22 compared to last year's figure of $1,114,167.21. Buckholts State Bank, Buckholts, showed $707,990.96 compared with $715,611.24 for last June.

## Youth Receives Suspended Sentence

A. C. Potts, Negro, of Hearne, Friday entered a plea of guilty in Milam District Court to a charge of robbery by assault.

Judge W. C. Wallace assessed the youth's probated 5 - year prison sentence following introduction of evidence showing Potts had no previous record.

Potts was charged with robbing, Shed Smoots, Negro, of Gause, on March 4 of $36. Probation required immediate restitution of funds taken in the Branchville incident.

## Services Conducted For Citian's Brother

Funeral services for Mack L. Hays, 74, Abilene oil lease broker, who died Friday after a week's illness were held Monday in the Kiker - Warren Funeral Chapel at Abilene, with Dr. Elwin Skiles, pastor of First Baptist Church of Abilene officiating. Burial was in Elmwood Memorial Park.

Hays was a brother of John R. Hays, Postmaster of Cameron.

FB QUEEN CANDIDATES -- Here are six of the eight senior queen candidates who will compete in the Milam Farm Bureau queen contest 8 p. m. Thursday at Methodist Fellowship Hall. Candidates are: Hanna Sue Morgan, Katherine Ottmer, Judy Marie Westbrook, Janet Carol Jekel, Carole Brown, Josey Jackson, Patti Hightower and Lanette Laffere. Ten junior misses will compete in the 3-6 year - old contest. These six young ladies rode in the Western Week parade Saturday afternoon.

## CCC In Growth Program

Improvements are continuing in a long - range remodeling program at Cameron Country Club, Charlie Burke, Club president, reported this week.

The one - story CCC clubhouse has air - conditioned quarters in the recently remodeled snack bar and golf shop and the Mallard Room dining area. Five tons of air conditioning cool these rooms.

And landscaping around the clubhouse, parking area and swimming pool has brought the planting of new trees and shrubs.

Burke cited current plans to remodel the dining - room of the historic Club, founded some 40 years ago and reopened following World War II.

**NEW ENTRANCE PLANNED**

Plans include a new entrance and lounge on the west side of the clubhouse, Burke noted, remodeling of the mezzanine-level dining-room in an Early American motif.

Club officials noted special improvements in CCC kitchen facilities that include automatic ice machine, additional cooking equipment new chinaware and storage facilities. Plans also include a new floor to match the gleaming repainted interior of the enlarged kitchen.

"The board of directors has approved and followed through with considerable improvement in the plumbing fixtures of the clubhouse area," Burke said. "Underground pipes have been replaced in the swimming pool area and expansion of restroom facilities has been accomplished."

The program is a continuation of remodeling and improvements begun in 1961. The golf course markers and signs were redone and equipment was improved for maintaining greens and fairways. Last year, the CCC Lake dam was strengthened as well.

Plans for the future will complete the major job of remodeling the clubhouse. Following decoration of the dining room, the ballroom will be modernized and lockers for men golfers will be installed in west - side quarters of the clubhouse.

"The Club's directors are taking a long - range view of the needs of Cameron Country Club," Burke said. "And they deserve credit for the many improvements that give Cameron one of the state's finest nine - hole golf courses and wonderful clubhouse facilities."

Club directors are: Dr. George Bowman, vice - president and swimming pool chairman; Albert Collins, secretary - treasurer; Judge W. C. Wallace, tournament chairman; Lee Marek, greens chairman; Dr. C. G. Swift; Hilliard S. Thomas, clubhouse chairman; Jack Dubois; Wilmer Alewine, activities chairman; Frank Perrin, membership chairman and Dr. Gus Evans, game chairman.

## W W's Highlights, Hi - Jinks Notable

Western Days in Cameron were highlighted by guns, queens, travelers, parade, horses, cowboys, clowns and other varieties of entertainment.

To cap off the three day activity, lovely Miss Mona Mauldin received the trophy as Miss Western Week 1962 at the 8th annual Horse Show Saturday night in Wilson - Ledbetter Park.

Mrs. Ruth Taylor and daughters, Sandra and Barbara of Woodville, Alabama and Miss Taylor's brother Orvil J. Peake of Houston; and Mrs. William L. Raschke of Three Rivers and daughter Sylvia Ann Raschke, who attends the University of Texas will remember Cameron and Western Days for quite a while.

Mrs. Taylor's car was stopped Thursday around noon and Chief Elvin Hoskins proceeded to "arrest" her on charges that a stolen car with same description as hers, had been reported. Meanwhile, Gene Smitherman, still Texas Red at the time, escaped handcuffed from the patrol car. Buddy Shipp shot at him which startled the travelers.

Hoskins took the travelers to the Texan where they were guests of the Chamber of Commerce for lunch. The second car was stopped Friday and the visitors also were treated to lunch.

One couple stopped Friday for coffee and decided to stay the night in Cameron and attend the horse show Saturday.

Another highlight of the horse show Saturday night was the winner of the Shetland pony given away by the Chamber of Commerce. Lloyd Ray of Rogers was the lucky ticket holder for "Little John."

Twist, Twist, Twist was in the air Friday morning when a crowd of youngsters entered the twist contest for about 500 spectators. Winners were, age to 6: Sherry Zalesky, first place; Ronnie Chamberlain, second place and Rex McIntosh, third place.

In the age 6 to 12 winners were Debbie Lewis and Steve Terry, tie for first; Kathy Harris, second and Kenneth Cummings, third.

Teen twister winners were Linda Bowen and Charlie Angell, first; Yvonne Krenek and Denson Ingram, second and Sandra Fuller and Ronnie Litzman, third.

Out-of-town judges also selected Smitherman and Betty Shuffield as the most authentically dressed cowboy and cowgirl during the three-day affair.

The Buckboard Supper attracted approximately 250 people Thursday night in the Wilson-Ledbetter Park. The Chamber served Western stew, cold slaw, pickles, bread and cold drinks.

The Cameron Saddle Club parade had several hundred horsemen from the Cameron Saddle Club and the Davilla Riding Club.

A number of floats were in the parade as well as the Yoe High School band, a number of new cars, bearing Western Week queen candidates and numerous types of surries, buggies and wagons. One Rockdale entry, a cart drawn by two oxen, was driven by Gene Chaddock.

## Quarterhorse Show Saturday

The Cameron Saddle Club will hold its 8th Annual Quarterhorse show Saturday July 14 at 9 a. m. This show usually has enough entries to be a Class B. Show and in 1960 the show lacked few entries to be a Class A Show. These entries come from all over Texas and two came from Mississippi and Louisiana in 1961. In 3 years the show has grown from a Class C to a Class B Show.

Mrs. Joe S. Hickman, Box 721, Cameron, is chairman of the show and as such will not be allowed to have any entries.

In 1960 the show attracted Calamity Jane, World Champion Cutting horse. She won the cutting contest - naturally.

This show sponsors 30 classes including Champion and Reserve Champion with prizes of Trophy and six ribbons in each class.

The show is divided in two divisions, Performance and Halter classes. Exhibitors say Wilson - Ledbetter park is ideal for this type show because the halter classes can be shown in the abundant shade in the park. There is adequate room, shade, water and camping facilities.

The judge will be Dee Burke of Waggoner, Okla. and the announcer will be John S. Batte.

The famous Joe Reed quarterhorse strain originated in Milam County, and Robin Reed, decendant of Joe Reed recently brought $120,000, second highest price ever paid for a quarternorse.

Some quarterhorse owners in Cameron are Sam Tindall, Dr. Lyle McDermott, Miss Mary Belle Batte, Mrs. Joe Hickman, Curtis Barron, N. E. Barron, Zeke Brod, John S. Batte, Dr. A. E. Kruse, H. P. Culpepper, R. G. Grabein, Roy Barmore, Charlie Meyer, Make McDermott, C. O. Angell and James Brock.

## Summer School Set For Rogers

ROGERS — The summer session of N. T. Burks Elementary School in Rogers will begin Monday, July 16 and run for six weeks. Students should report at 8 a. m. the first day. After that, sessions will begin earlier in the morning.

The teachers will be Mrs. Ernestine L. Brown Pride, head teacher and upper grades; Mrs. Bennie L. Harris, lower grades.

## Red Cross Drive Soars To $3,215, Record Miam Total

The North Milam Red Cross clicked off a record $3,215.49 this week as contributions continued to come in from rural donors.

Workers in Ad Hall brought in an additional $29.50 this week to raise the total beyond the $3,200 mark.

The $3,100 - goal thermometer had already burst its bubble and was pulled down, officials reported.

Breakdown of contributions included: Business contributions $1,453.50 topping a $1,350 goal; residential donations, $833.69 topping a $750 goal; and rural gifts $928.20, nearing the 13 communities' $1,000 goal.

Mrs. Walter Lester, drive treasurer, listed 31 Cameron businessmen, 46 housewives and women's club leaders, and 40 North Milam community and rural workers who made the drive a success.

National Red Cross officials expressed special appreciation to residents of North Milam County who sustained its bloodmobile program and the other services of Red Cross here.

## 18 Await Final Judging Today

Eight teenage young ladies and 10 junior misses will await the judges final selection Thursday at 8 p. m. at the Fellowship Hall of the First Methodist Church.

The senior entries, between the ages of 16 to 22 will receive the 1962 Milam County Farm Bureau Queen crown from 1961 winner Linda Tucker.

Cadidates are: Hanna Sue Morgan, daughter of Mr. and Mrs. T. T. Morgan of Milano; Katherine Ottmer, daughter of Mr. and Mrs. Robert Otmer of Rt. 1, Buckholts; Judy Marie Westbrook, daughter of Mr. and Mrs. L. M. Westbrook, Rt. 3, Cameron; Janet Carol Jekel, daughter of Mr. and Mrs. Frank Jekel, Rt. 4, Cameron; Carole Brown, daughter of Mr. and Mrs. Joe Brown of Rt. 3, Rockdale.

Also Josey Jackson, daughter of Mr. and Mrs. F. E. Jackson, Cameron; Patti Hightower, daughter of Mr. and Mrs. A. H. Hightower, Cameron and Lanette Laffere, daughter of Mr. and Mrs. Lawrence Laffere, Cameron.

The senior winner will receive a cash prize from the MCFB and will be a contestant in the District to be held in Taylor in August. All other contestants will receive gifts.

Junior queen candidates to vie for the crown are 3 to 6 years old. They are:

Robin Kay McQuary, daughter of Sidney McQuary, Thorndale; Nanette Noack, daughter of Mr. and Mrs. Leon Noack, Rockdale; Brenda K. Burnett, daughter of Mr. and Mrs. Griffin Burnett, Cameron; Mary Lee Graham, daughter of Mr. and Mrs. Billy Graham, Thorndale; Linday Kay Hughes, daughter of Mr. and Mrs. I. N. Hughes, Cameron.

Also, Kerry Ann McCall, daughter of Mr. and Mrs. C. D. McCall, Rt. 2, Cameron; Dora Lee and Norma Fay Mewis, foster daughters of Mr. and Mrs. M. H. Wimberly of Rt. 3, Cameron; Janet Lee Angell, daughter of Mr. and Mrs. Clifford Angell, Rt. 2, Cameron; and Judith Ann Thompson, daughter of Mr. and Mrs. L. E. Thompson of Cameron.

The winner of the Junior contest will receive a Registered Black Angus calf which will be donated by Mr. and Mrs. Preston Perry of Rockdale. Miss Lynn Laywell was crowned 1961 queen last year.

Out of county judges and master of ceremonies for both contests have been selected.

# 4-H Club Notes

By Pat C. Garner

A.SS'T Milam County Agent

The Milam county 4-H Council committee on county camp met Friday, June 6 in the County extension office. Committee members present were: Jan Parmelee, Gwendolyn Jistel, Bernard Kostroun, Dennis Jistel, Ronald Kostroun, Jo Ann Hollas and Mike Rek.

The committee decided to hold county 4-H camp on Thursday, July 19, at Ledbetter Park in Cameron. Swimming and games are planned throughout the day with a watermelon feast during the afternoon.

Electric Camp delegates, Carolyn Jistel, Dolores Zarosky, Dennis Jistel and Ronald Kostroun will hold an hour program after lunch to present the projects and ideas they learned at State Electric Camp.

One of the highlights of the days activities will be a chicken barbecue supper held at 6 p. m. for all 4-H members, parents and guests.

After supper the 4-H members will move to Simon George Hall to have the presentation of awards and a Citizenship program.

After this program will follow folk games and other events. Ending the days activities will be refreshments followed by a night ceremonial.

**WOOL PAYMENTS**

Shorn wool payments will amount to 44.5 per cent of the dollar returns each producer receives from shorn wool during the year. This amount will bring the average wool price of 42.9 cents per pound up to the announced incentive level of 62 cents per pound Ed Uvacek, extension livestock marketing specialist, said the USDA had also announced a peyment rate of 76 cents per hundredweight on unshorn lambs to compensate for the wool on to compensate for the wool on them. No payments will be made on mohair sold during the 1961 marketing year since average prices are above the incentive level of 73 cents per pounds.

# July 12 Set As Crop Field Day

By J. D. Moore

Milam County Agent

July 12 is the date set for crops field day at McGregor Experiment Station. Cotton root rot control, crops variety test, etc., will be shown. The public is invited to attend.

—

Identification of screwworm cases in Milam county should be continued, advises John S. Batte, chairman of the county Livestock Improvement Association. Reason for continued participation is to help locate the screwworm fly activity, date of occurence and serves as a guide to help evaluate the progress of the sterile fly program.

Bottles for sending in the worm will continue to be available at the county agents office or from John Batte.

Co - Ral as a spray and dust, Ronnel (Korlan) as a spray, smear or atomized bomb, EQ-335 and smear 6E all if properly applied will kill screwworms.

Sprays of 0.25 per cent Col Ral and 0.5 per cent Korlan are to be preferred because they give longer protection. Consequently, their use is strongly encouraged to support the screwworm eradication program. These sprays will also control most other external parasites such as horn flies, lice and ticks. If Co - Ral is used for cattle grub control, it is necessary to use 0.5 per cent spray.

—

Milam crops continue to look good with maize harvest to begin in about two weeks. Fair, dry weather is needed for all growing crops. Hay making time is at hand, a good corn crop will mature the latter part of July and cotton harvest should start the latter part of August.

The unusual thing about the favorable farm prospects is the potential good crops of corn, maize and cotton. Usually the high rainfall that favors corn and maize causes excessive dead cotton and too many insects. The insect infestation is not as high at this time as compared to the same date last year.

**STATE CONSERVATION CAMP**

Four junior leaders from the Gause and Jones Prairie communities attended the State 4-H Conservation Camp at Huntsville this week. Joyce Malone and Valera Green of Gause, and Dwight Cheffin and Roger Petty from Jones Prairie were the elected representatives.

Areas of training included: community health, recreation for club and community activities, understanding our needs and others, young people and careers, building effective character traits, democracy in 4-H and the Art of Creative decision thinking. The Milam County Agents along with other Agents over the State, and Extension Specialists from A & M College assisted with the training.

**INSECT REPELLENT**

According to a recently released USDA report, you don't have to spend time fighting off insects this summer while you are out - of - doors. Such pests as mosquitoes, ticks, fleas, chiggers, and biting flies can be made to keep their distance by applying a repellent developed by the U. S. Department of agriculture scientists on exposed skin areas.

The repellent is commonly called deet. Diethyl - toluamide is the chemical designation. It is now available in ready - to - use containers under several trade names. Deet is effective and safe for general use on the skin or on certain kinds of clothing materials. However, instructions covering the use of the repellent should be followed closely. Smeared evenly on exposed skin areas, deet is effective for several hours. It has little or no odor, and it does not cause a greasy feeling on the skin.

When purchasing by trade name remember to examine the can or bottle for the active ingredient, in order to be assured of getting the product desired.

# National Farm Safety Week, July 22 - 28

COLLEGE STATION — The theme for the 19th annual National Farm Safety Week, July 22-28, is "Family Safety at Work and Play" and major emphasis is being placed upon highway and farm machinery safety.

According to the Texas Farm and Ranch Safety Council, motor vehicle accidents account for almost half of the fatal, but only a fifth of the non - fatal injuries to farm people in the United States each year. In 1960, 11,300 farm residents died from accidents and 950,000 suffered disabiling injuries. Of the total fatalities, 5,100 resulted from traffic, and 3,300 from work accidents.

The Council points out that studies of accident reports show that over 90 per cent of all accidents involve some human failure -- improper attitudes, carelessness, lack of attention to rules and regulations and many others.

Accidents, the Council continues, are the leading killers of young people from ages 1 to 36 and rank fourth in total deaths. From 1950-1960 nearly a million persons died in accidents, 9 million suffered disabling injuries and 3.5 million were permanently handicapped. America's cost: $100 billion. But no dollar total can hope to appraise the priceless value of human life, nor can it comprehend grief, loneliness and pain. No purpose is served by accident losses. And most can be prevented, emphasizes the Council.

Safety is no accident and the accomplishmens of rural leaders and cooperating farm families and organizations in their work to reduce accidents was cited by the Council. During the past decade, an 11 percent decrease in the farm resident death rate has resulted from this cooperative effort.

But, warns the Council, we still have a long way to go to give farming and ranching a safety record equal to other national industries. Until every rural resident makes safety his business, our cooperative efforts must be continued, they add.

## Milam ASCS Report

Cotton producers who failed to plant 75 percent of their 1962 cotton allotment have until September 15, 1962 to file applications for farm base adjustments according to Alva E. Sanders, county office manager of the Milam County Agricultural Stabilization and Conservation Service.

If failure to plant at least 75 percent of the allotment was due to excessive rain, flood, hail, drought, lack of water on irrigated farms resulting from the effect of drought on the water supply, or illness of the farm operator or any other producers on the farm, which are determined to be conditions beyond the control of producers on the farm, the farm operator or owner may file an application in writing with the county committee no later than September 15, 1962 showing that failure to plant was due to one or more of such conditions.

## COTTON REPORT

Harvesting operations increased this week in the lower Rio Grande Valley. Cotton growth was stimulated as rain showers diminished and hot, dry weather moved into the area. Spot markets remained seasonally slow. Prices were steady to slightly lower.

New crop harvest in the Harlingen territory was stepped up this week after last week's delay from recent rains. As more gins go into operation ginnings were expected to be 2,000 bales daily by the end of the week. The first bale in the Coastal Bend has been ginned at Alice.

Cotton is found in all stages of growth from seedling to well developed plants. Plant growth has been greatly stimulated with the advent of hot, dry weather. Insect problems are generally light. There appears to be a build up of all cotton insects in the Valley where Control measures are evident everywhere. Grass in some localities has become a problem.

Spot prices were generally off from last week. Middling 1" cotton prices were off 25 points in Dallas, 35 points in Houston and 25 points in Galveston. Prices remained steady at Lubbock.

Trading was seasonally slow. Sales were small in volume. Export interest slackened again this week. Domestic mill inquiries were less numerous and old crop cotton was small in volume. New crop interest has not been strong. Buyers have a "wait and see" approach.

# Veteran Buyers Average 34 Years For Home Buying

The average veteran home buyer in 1961 was not quite 34 years old and paid about $14,315 for his home, P. J. Mims, manager of the Veterans Administration regional office in Waco announced today.

Although the ages of veteran home buyers ranged from under 25 years to over 50, those in the 30-34 age bracket bought 32 percent of the homes purchased. Those in the 25-29 age bracket bought 29 percent, according to a sample survey recently completed by the Veterans Administration.

With $14,315 as the average price paid for homes bought with VA-guaranteed loans, homes costing less than $12,000 accounted for 25 percent of all homes purchased. The majority of homes bought, hoever, were either in the $12,000 to $14,999 bracket (34 percent) or the $15,000 to $19,999 bracket (35 percent).

More than 66 percent of the veterans bought new homes with an average price of $15,065 while nearly 34 percent bought older homes with an average price of $12,840.

Approximately 20 per cent of the veterans in the sample bought their homes with downpayments averaging about 10 per cent of the purchaseprice. The other 80 per - cent of the veteran home buyers made no downpayment, but paid closing costs when not absorbed by the seller.

Thus the overall average downpayment was slightly more than 2 per cent of the purchase price. The percentage of downpayment varied according to the age of the veteran; ranging from less than one per cent for those under 25 to more than 3 per cent for those 40 or over.

The average monthly income (after taxes) of the veteran home buyers varied from $405.40 for those under 25 years of age to $505.00 for those 50 years of age and over. The overall average for all age bracket was $471.50.

The housing expenses of the veteran averaged $131.35 -- equivalent to nearly 28 per cent of his monthly income. This figure included the principal and interest payments on his loan, taxes and insurance, and pair and maintenance costs.

## Bank Call Denotes Progress . . .

Milam County banks showed a net gain of $1.7 millions ($1,694,391.90) in the June 30 bank call compared to the previous 1961 June call.

This followed a Central Texas, state - wide and national trend of major increases in deposits.

More than $1.3 millions of the Milam increase were in the Cameron banks.

The 8 per cent increase compared favorably with a 12 gain in Central Texas banks as noted by The Temple Telegram.

Such a major development in savings or checking deposits should be a resounding endorsement of continuing improvements in Milam agriculture and business operations. As more progress is instituted in this area, the greater the benefit in savings and spendable income. If people want to buy or build something in Milam County, it seems reasonable that many of them have the cash or the credit to do it.

With more than $22.5 millions in the bank, Milam County and her people and enterprises can plan for the future growth of this region with firm confidence, since financial stability is a basic criterion.

One of the reasons Cameron and Milam County have tremendous resources is a basic financial conservatism. But a better one is that this area has sound personal and business management. When you put the two in motion, great things have got to happen.

We do not urge a break from the successful pattern of thrift so apparent in this area. But we urge a more vital confidence in using these resources in local development.

This savings ability can do much to expand profit and job opportunities in an area which still loses its young people to larger communities. This savings ability and business acumen can improve the facilities and structures needing improvement in this community, not for the sake of spending, but for wise investment in a future you, not far - away places, can control.

It could be along the lines of shopping at home. You can call it investing at home, if you like.

If you have confidence in your home community, put your money where your confidence is. You have seen what one man from Florida and what many native Cameronites have done in investing their confidence - dollars in Cameron and Milam County. You have seen what Alcoa has done for Milam County. You have seen the successes of aggressive farmers in the Milam area.

You can apply a native wisdom of scrupulous planning, so evident in Milam banks, to the program of industry and agriculture and in finality, for even stronger financial evidence of your success in investing at home.

## Dilemma In Massachusetts . . .

Developments in the Massachusetts primaries truly focus on a national dilemma in politics. We refer to emergence of a third Kennedy and a second Lodge as the respective Democrat and Republican nominees for Senator from Massachusetts.

This would not be in the editorial province of any Texas newspaper if it did not involve the incumbent President's kin and the former GOP Vice - President candidate's son.

Ted Kennedy waited for his 30th birthday so he could run for the nomination as a Democrat. Young George Cabot Lodge earned his shot at the Senate at the age of 34 by appointments through his father, who was chief delegate to the UN in the Eisenhower Administration.

The whole Massachusetts political arena is one of dynastys, which to our mind, is not in keeping with U. S. attitudes. Opposing young Kennedy was a McCormick, himself 39, whose uncle is Speaker of the House, succeeding the deceased Rayburn.

As one of the cradle states of this nation, Massachusetts has evolved an open affront to her voters. But what is worse, Massachusetts not only requires big names, but big money. The financial aspect carries us into the whole area of political office, which gives the voter his choice of big money or bigger money..

In the case of Candidate Lodge, Time Magazine observed that he held a major post as head of The International Labor Organization. The question should be asked: "Did Daddy get him the job?"

Will President Kennedy get his brother the job of Senator from Massachusetts in November? Or will Lodge make it? And of course McCormick is running against Kennedy and Lodge as an unendorsed Democrat.

From all this, it is presumed, as in England, when the line of heritage is once established, that the honorable life is public service, a fifedom available whenever Dad or Big Brother feels one is mature and able. In Massachusetts, the Crown does not decide, but the Kennedys and the Lodges do.

Even though the privileged candidates are qualified, we believe Massachusetts voters resent this democracy by dynasty. The party wheels keep turning and spewing out the power names. Somehow, it just doesn't seem American.

And when it revolves around the White House and the UN, past or present or future, we think that millions of Americans would join the chorus in saying: "We don't like it!"

## Poage Reports Reflections On Up-Coming Foreign Aid Bill

Congressman W. R. Poage this week noted in his weekly newsletter that the House of Representatives is going to consider the Foreign Aid Bill.

He reported that "it is another example of the type of thing which demands a congressman's personal observation away from Washington.

"I think that so long as we are spending the vast sums which we are in all parts of the world that Members of Congress should, just as far as they can, visit the lands where our money is going. While circumstances have made it impossible for me to do any traveling abroad for some time, I hope to do so just as soon as our work at home allows it. I want to see just what we are doing with the money and the food we are giving away. I want to see just how effective our aid is."

Cong. Poage also noted that the Foreign Aid Bill will probably pass.

"I know there is need for some foreign aid, but I fear it has been greatly overdone. I know that we must live in this world along with all of the other people who are here. I know that it is to our own advantage to live in a happy and prosperous world -- but -- I have very serious doubts that we can give other countries enough to make them prosperous.

"I beleive that demonstrations such I am told are being made by the Peace Corps, and the development of normal trade, where we both buy from and sell to foreigners, is a much siunder basis for world peace and prosperity that is any program of direct charity."

He also noted that he visited at home during the past week. He was in Temple last week to assist in dedication services of the new Temple Post Office.

Mrs. H. C. Tindall has returned to her home from San Antonio where she was a patient in Baptist Memorial Hospital.

## Cameron Girl Wins In National Contest Recently

# Insurance Plan Goes Out Aug. 1

By Vern Sanford

AUSTIN — That "safe driver insurance plan" with its penalty points for traffic law violations and accidents goes out the window August 1.

State Board of Insurance bowed to legislators' demands that it be greatly modified. But Board members felt it would be better to scrap the whole thing, and try to work out some other plan for later adoption.

Most Texans will find that the abandonment of the merit rating plan will cost them money. This despite the fact that insured Texas car - owners taken as a whole will pay $10,000,000 less for car insurance in the coming year than they did this year.

However -- two thirds of the car owners -- those who have been getting 20 per cent discounts because they had no accidents or reported traffic convictions -- will pay the full rates in the year a head. The other one - third -- those who have been paying as much as 100 per cent extra because of bad driving records -- will save substantially. They will pay the same rates as everyone else.

One factor in the decision to drop the plan was concern by members of the Board -- and the insurance industry -- over the increasing number of car owners who just were doing without insurance. Board members felt that to increase the penalties, which would have been necessary to maintain the 20 per cent discount for the "safe drivers", would drive even more people into un-insurance. This would have made the safe driving insurance plan even more out of balance statistically.

Because auto insurance rates are set by counties, and by types of cars and the age groups of drivers, it is not possible to say just what effect the rates will have. Local insurance agents soon will have the information.

**SCHOOLS' ALLOTMENT CUT**

State Comptroller Robert S. Calvert advised the Texas Board of Education that the Available School Fund's income for the 1962-63 school year should be $197,058,604. The revenue is reaped from ad valorem taxes, poll taxes, interest on securities the school fund owns, motor fuel taxes, omnibus taxes and other revenue.

Board deducted $8,737,536 to finance cost of purchasing and handling textbooks, and divided the balance between Texas' 2,387,24 children of school age.

So, the public schools will get $78.50 per child next year; $2 less for each than they were allotted in 1961.

While the 21 - member board was on the subject of money, it passed a $459,877,843 education budget for 1963 and offered State Education Commissioner J. W. Edgar a $4,000 annual raise through federal funds.

Edgar "declined the honor", saying he felt his three assistants are more entitled to supplements since they are directly concerned with administering federal programs.

So, raises from $11,000 to $13,500 were voted for L. R. Graham, assistant commissioner of administration; Lee J. Wilborn, assistant commissioner for instruction, and M. A. Browning, assistant commissioner for vocational education.

Then the board agreed to ask the 58th Legislature to raise Edgar's salary of $18,500 a year to $24,000 when it convenes in January.

**CREAM OF THE CROP**

A preliminary glance at the Texas Education Agency's survey of 80,000 teachers revealed that the state's public schools system is getting the "cream of the crop" of high school graduates. Study chairman R. W. Byram of Austin said that new teachers came from the top 25 per cent of their graduating classes.

But the distribution of education specialists seems to be uneven: All teaching colleges in the state graduated a total of only 80 language teachers last year, and only 12 per cent of those who took mathematics education degrees plan to teach, so schools will suffer shortages in those areas.

On the other hand, there's an estimated surfeit of English and history teachers .... almost all the college graduates who majored in those two subjects plan to teach.

**"EXPATRIOTS" ON WAY TO DAKOTAS**

Spindletopper V, Spindletopsy V and their children Paysand and Gushie -- a quartet of "geologist" prairie dogs -- took a long trip to Bismarck, N. D. where they'll take up residence at the Dakota Zoo.

The prairie dogs were a gift of Acting Governor Culp Krueger, who decided "to uphold the honor of Texas prairie dogs" by sending four of the best he could find, after the zoo's president, Chris Dahl, asked for some.

Krueger assured the zoo that "These prize prairie dogs will feel at home and will dig right in and endeavor to be worthy of their Texas heritages," in a letter claiming the animals have built - in advanced seismographic training which should help in North Dakota oilfield explorations.

## Texas Officials Intercede In RR Mail Service Issue

Senator Ralph Yarborough and Congressman Henry B. Gonzalez have announced they succeeded in preventing discontinuance of two railway postoffices on the Missouri & Pacific line between Longview and San Antonio.

Loss of the service would have affected mail service to Milano and Rockdale and points connecting with mail service from those communities.

The two Texas officials noted that the U. S. Post Office Dept. has cancelled plans for the July 21 discontinuance, following protests from Sen. Yarborough and Cong. Gonzalez. Post Office officials had considered stoppage of Railway Post Offices 21 and 22 for several months.

Objections raised to the proposal for discontinuing the service included:

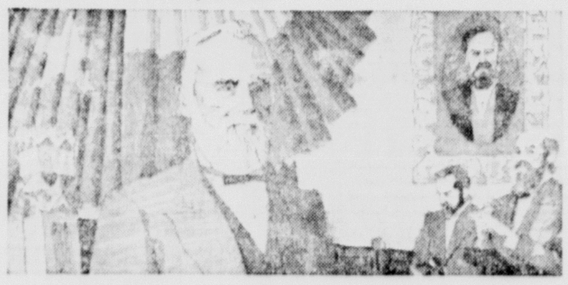
"ONE — Jobs and job opportunities for a number of mail clerks would be destroyed.

"TWO — Railroad passenger service to points between San Antonio and Longview might be adversely affected, due to loss of income from mail contracts.

In a joint statement, Sen. Yarborough and Cong. Gonzales said "The people in these towns should not be asked to pay first class postage rates unless they have first class service."

## It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . the same year that



IN TEXAS . . a new governor, Francis Richard Lubbock, guided a bankrupt state through that bitter Civil War year. Cotton, exported through Mexico, brought desperately needed foreign gold. Homefront industries were established. Comforts were few, but morale stayed high . . and there was good Texas beer, enjoyed then as now.

For then, as now, beer was the traditional beverage of moderation — light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

## THE OLD PHILOSOPHER

Philosopher Says Doctors And Movie Queens May Strike, But Farmers Never Will

Dear editar:

Since I don't even know very much about what's going on in Cameron, I'm in no position to know what's going on in that province up in Canada where the doctors struck, but the thought has occurred to me that a strike by doctors opens up a vast and baffling new field.

I know that organized labor has been using the strike for years. but up to now about the only other place where it has been used is in Hollywood, where an occasional movie queen might pout and hold up production by striking because her name wasn't printed in big enough type or something like that, but that Canadian doctor's strike presents new fields of unlimited confusion.

For instance, a bankers' strike. You go into town to renew a note till Fall and find a sign on the bank door: On Strike Against Slow Payments of Notes.

You stop by a barber shop and find the door closed with a sign on it: On Strike Against Safety Razors and the Home Use of Hair Clippers.

On a lawyer's door you find a sign reading just: On Strike, because a lawyer will never be very clear anyway, sometimes because he's not sure himself.

After you find three or four other types of business on strike, you write your Congressman asking him to pass a law to solve these strike problems, and you get a form letter back saying Congress is not in session on account of the members are on strike against the popular vote, a legitimate position since many of them every once in a while are fired on account of it.

I don't know how far this fratched thing could go, but I know where it would stop. It would stop with farmers.

Farmers aren't likely to go on strike, for a very simple reason. They have built up such a huge surplus that it would last longer than they would. With enough food already on hand to run a couple of years, farmers would have to strike for three years at least to make the pinch felt, and they aren't in financial shape to do it. This is just another edge the doctors, movie queens, labor bosses, etc. have over farmers.

By the way, the newspapers aren't planning on striking, are they? I need to know, as there's no sense in me writing you if you're going to shut down in protest against something.

Yours faithfully,

J. A.

**FALLOUT SHELTERS**

Many of the storm cellars in Texas can be made into good fallout shelters, says W. S. Allen, extension agricultural engineer. These points should be give attention when remodeling, he says--provide adequate shielding, a protected entrance, positive ventilation, storage facilities for supplies and installation of a radio antenna for radio reception.

## Rogers Girl At National Meet

ROGERS — Barbara Smith, junior of Rogers High School left Temple Friday for Dallas to join other area girls to go to Salt Lake City Utah for the National Future Homemakers meeting. She was accompanied from Temple by Ann Kirkley, Belton, a state officer, and Miss Margaret Davis, of Temple, homemaking teacher at Belton. Barbara is first vice president of Area VII. The group will return to Temple Sunday, July 15.

Barbara was in Austin June 14 and 15 attending the Area Leadership Workshop at the Terrace Motel where plans were made for the six girls from Area VII who are making the National meeting in Utah July 9 to 12.

Sixty girls from Texas made the trip. The Texas group is responsible July 10 for the Roll Call of States. There will be girls from the 50 states and from Puerto Rico and the Virgin Islands attend the meeting.

A few highlights of the trip will be tours of the Historic City, the show "The Music Man", a three-hour visit to Pueblo, Colorado and an informal banquet.

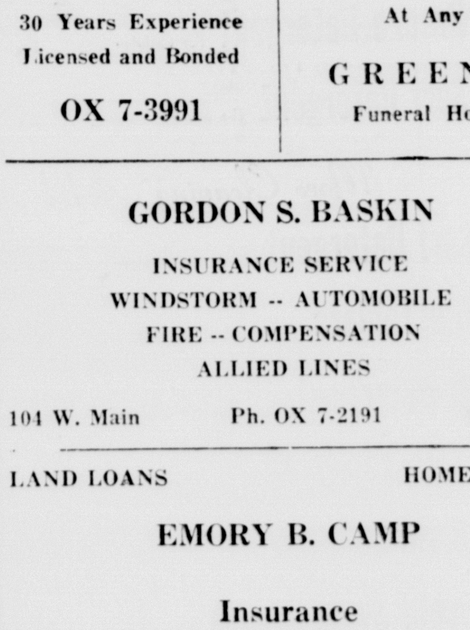
# Behold the Ant...



• Science tells us that the strongest thing in the world for its size is the common red ant. This marvel of nature can lift 10 times its own weight.

As strong as the red ant may be, it has been proven that the most powerful thing for its size is the little want ad in your local newspaper.

The want ad, which costs only a few cents a day, does a hundred-fold job. This mighty mite of the printed page finds jobs for folks, sells used lawnmowers, rents houses, sells farms, loans money, finds missing persons, locates lost dogs, rents appliances, thanks folks, locates homes for surplus puppies, and performs a hundred and one useful services for the community.

Night Serivce — 7:00 p. m.

**" — AS 'NEW-COMERS' in the community, we are so pleased that you have invited us to church. It helps us feel at home already. . . . . Yes, there are four of us — John and me, Mary and Jim . . . . . A class in Bible school for everyone? Fine — just like it was in Hometown. You can count on us to be there next Sunday . . . . Yes, of course, we'll attend worship service, too. We appreciate every phase of church ministry. We would not think of depriving either ourselves or our children of even *one* spiritual opportunity."**

* * * * * * * * * * *

**Do *you* know of some "new-comers" whom you could make welcome? Be *sure*, too, that there are no "old-stayers" who have been overlooked. As a "regular church-goer", do *your* part in making the church the "friendliest place in town" for the largest number of people. You'll be thrilled as the church "grows and glows".**

# Introducing (P.S.) Personally Selected Beef

## You Save 2 ways with P.S. (PERSONALLY SELECTED) BEEF

**FIRST** — P.S. (Personally Selected) Beef is doubly selected at the source of supply. First by the rigid government grading process that rates the beef into the top U.S.D.A. grades and second by our own expert beef buyers who select P.S. beef from within these top grades and brand it P.S. Personally Selected. This means you get the finest in quality and the most in value.

**SECOND** — P. S. (Personally Selected) Beef is fully matured, grain fed, heavy northern beef. The P.S. brand label assures you of the utmost in fine beef quality that is fork tender and truly enjoyably flavorful. Only one out of ten cattle meets the P.S. specifications.
